## *It's all in your mind.*

### ***"Love On" with Rev. LaVonne***

It's fun to look at calendars and notice the special days allotted for each month. This month, October has some doozies! For instance, October 2nd is "Name Your Car Day," the 10th is "Take Your Teddy Bear to Work Day," the 14th is "Be Bald and Free Day."

Some of the more appropriate labels for the month are, "Adopt a Shelter Dog Month," "Clergy Appreciation Month" and "International Drum Month."

Who comes up with these ideas? Do you have a preference for the month? If you could design the perfect day how would it be?

Some people prefer being alone. Others like being the life of the party. And obviously there are variations in between.

This SpiritualCenter is unique for several reasons. Being a comparative newcomer I'm acutely aware of the array of individualized creative minds in our midst. It's impressive to see how people seem to use their various abilities to enhance themselves and others.

It's also impressive to note the amount of volunteers who fill our Center. Every little bit helps as we work together as a community.

So why not develop your own label for the month and do something you've always dreamed of doing. If it's in your mind, you can do it. Why? Because, God put that thought there in the first place! Any ideas? Let's talk about it and allow your wishes to become your reality. And so it is.

Love you all, Rev. LaVonne

### ***"It Don'd on Me" by Dr. Don***

*October is a BOO-ti-ful month.*

It's a time to harvest what you've planted and a time to be grateful for your many blessings. The month offers a chance to begin setting the tone for miracles to appear as you get ready for the Holidays to arrive.

Not only do the colors change as deciduous trees change from summer greens to the vivid shades of autumn. As you observe these changes, you begin the process of creating

what is in your mind to observe the outer world that matches your inner images. It's all in your mind to start with, then it is manifested in the outer automatically.

As you allow the beautiful images of your heart to move up to the level of the head, your house is warmed, your thoughts turn from skepticism to believing, and you're able to mash the monsters within.

Dr. Don
